

HELP IS AT HAND!

**20% off all AbleNet products until
April 2012!**

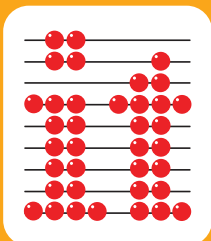

Times are tough! There has never been a better time to top up on the famous AbleNet range. We are offering 20% off the entire range until the end of April 2012. This is a superb offer which can never be repeated!

**FREE UK
DELIVERY!**

On orders over £100

Inclusive has had a great relationship with AbleNet since we started. Cheryl Volkman, their founder and CEO, flew over to help with our very first Information Day in 1997. AbleNet and Inclusive have put together this fabulous chance for you to buy AbleNet kit for a whole 5 months at great prices.

Buy as much or as little as you need and our UK delivery is free!

Toy Control Timers

Single SLAT timed mode: the device stays on for 1 to 60 seconds with one activation. Latch mode: one switch press turns the appliance on; the next turns it off.

Dual SLAT as the Choice SLAT, but this time two switch users can control their own toy or appliance.

Choice SLAT turn on one of two devices in a choice making activity. One user, two switch inputs.

Single Slat - ~~£75~~ **OFFER PRICE £60**

Dual Slat - ~~£85~~ **OFFER PRICE £68**

Choice Slat - ~~£95~~ **OFFER PRICE £76**

All-Turn It Spinner

The switch activated All-Turn-It Spinner, with built-in external switch jack, enables random selections for choosing groups or playing games of chance like bingo. Also a fun alternative to rolling dice. Requires two C batteries (not included).

All-Turn It Spinner - ~~£75~~ **OFFER PRICE £60**

PowerLink 4

This control unit allows switch users to control up to two electrical appliances with single switches. Six unique modes of control allow you to define exactly how, and for how long, appliances will be turned on. Accepts any single switch.

Key features:

- Flexible outlets allow custom positioning of up to two appliances activating independently.
- Linkable™ wireless technology for use with multiple Big or Jelly Beamer switches.
- Easy setup with built-in display and a simple new design.
- Six modes of control.
- Accurate programming and data collection.
- Two switch input jacks.
- Great looks at a small size.

Modes of control:

- Direct: behaves like a traditional switch.
- Count: behaves like direct but shows the number of activations.
- Two-switch: behaves like direct-both switches must be activated.
- Timed seconds: runs the appliance from 1 to 99 seconds.
- Timed minutes: runs the appliance from 1 to 99 minutes.
- Latch: the first activation turns the appliance on and a second activation turns it off.

PowerLink 4 - ~~£169~~ **OFFER PRICE £135.20**

**20% off the full AbleNet range.
