
Independent Practitioner's Study

20 CAT points

Following the AAC Unit, Recording Unit, or the Access and Control Unit a further independent study relating to the course can be undertaken. This will comprise of a 3500 word assignment which will evidence your own critical analysis in relation to your work based practice.

Cost £150*

Accreditation Process

ACE Centre North offers professional development courses which can be accredited by Manchester Metropolitan University (MMU) and awarded CAT Points.

Credit Accumulation Transfer Points (CAT Points)
CAT points from ACE Centre North's accredited courses can work towards completion of one of the following Awards:

Undergraduate/Level 3

Certificate in Professional Studies in Special Educational Needs
60 CAT points

Postgraduate/M Level

Post Graduate Certificate in Special Educational Needs (Assistive Technology)
60 CAT points

Post Graduate Diploma in Special Educational Needs
120 CAT points

*Please note that the accreditation process may incur a fee to MMU in addition to the ACE Centre North Course Fees

Additional Training Opportunities

In addition to our accredited training units we offer a range of one day courses which we deliver at the Centre and regionally across the north of England.

For further information and current dates for any of our training events, visit our website or contact:

Kristina Atkins

email: katkins@ace-north.org.uk

Similar training may be available in the south of England from ACE Centre Advisory Trust. For further information about courses in the south of England contact the Training Co-ordinator.
